AI Assistant Test Questions

Use these questions to test the two search modes in the AI Chat page.

Set the mode dropdown to the appropriate mode before asking.

MODE 1: Search Stock (NL Query)

Queries the live inventory database for stock levels, sales, forecasts

--- Stock Levels & Quantities ---

1. How many units do we have in stock for all products?
2. Which items are currently below their reorder point and need restocking?
3. Show me the top 5 products with the highest quantity on hand.
4. Which SKUs have zero units on hand (completely out of stock)?

--- Inventory Value & Analysis ---

5. What is the total inventory value across all active products?
6. Show me all products in the "Electronics" category.

--- Suppliers & Purchasing ---

7. List all suppliers and their default lead time in days.
8. Show me all purchase orders that are currently in "approved" status and their total cost.

--- Sales & Forecasting ---

9. What are the sales numbers for the most recently sold product?
10. Forecast demand for the product with the lowest stock level.

MODE 2: Search Documents (RAG) - Q2 2026 Business Report

Upload Q2-2026-Business-Report.pdf first, then ask:

--- Revenue & Financials ---

1. What was SmartStock's total revenue in Q2 2026?
2. What is SmartStock's CapEx plan for Q3 2026 and how much is budgeted in total?

--- Warehouse & Operations ---

3. Which warehouse has the highest utilization rate and what is it?
4. What is the shrinkage target and what triggers an auto-audit?

--- Returns & Quality ---

5. What is the return rate for clothing items and what is the most common reason for returns?

--- Suppliers ---

6. Which supplier has been flagged for declining reliability and why?

--- AI & Forecasting ---

7. What is the overall MAPE (Mean Absolute Percentage Error) for the AI forecasting models in Q2 2026?
8. What are the automated reorder rules for the top 20% fastest moving products?

--- Safety Stock ---

9. What are the safety stock levels (in days) for groceries and electronics categories?

--- Contacts ---

10. Who is the contact person for the AI & Data Science department and what is their email?

MODE 2: Search Documents (RAG) - SmartStock AI Policies

Upload smartstock_policies.pdf first, then ask:

--- Stock Management Policy (Section 1) ---

1. What is the safety stock requirement for groceries and perishables in terms of days of supply?
2. What are the four stock status levels and what action is required for each?
3. What is the shrinkage target and what triggers an automatic audit?
4. How often are A-class items (top 20% by value) cycle counted?

--- Purchase Order Policy (Section 2) ---

5. What is the auto-approval limit for AI-generated purchase orders under Rule Set A?
6. How many approval steps does a purchase order go through before being sent to the supplier?
7. What is the reorder trigger threshold for Rule Set B (medium velocity items)?

--- Supplier Management Policy (Section 3) ---

8. What score must a supplier achieve to be classified as "Preferred" and what benefits do they receive?
9. What is the maximum percentage of total procurement spend that a single supplier can represent?

--- Invoice Processing Policy (Section 4) ---

10. What is the early payment discount offered to suppliers and what are the terms?

--- Returns & Refunds Policy (Section 5) ---

11. What is the return window and restocking fee for electronics?
12. What items are classified as non-returnable?

--- AI & Automation Policy (Section 6) ---

13. What is the MAPE target for demand forecasting and what is the maximum allowed before retraining?
14. Does the AI chat assistant have the ability to modify inventory data?

--- Data Security & Privacy Policy (Section 7) ---

15. What are the three data classification levels and what type of data falls into each?
16. What is the JWT access token lifetime and refresh token lifetime?
17. What is the rate limit for AI endpoints compared to standard endpoints?
18. Within how many hours must affected parties be notified after a security incident?
19. What are the payment terms for domestic vs international suppliers?
20. What is the cancellation fee for a purchase order that has already been sent to the supplier?
